

revisit them?

What were some of
your favorite
picture books as a
child? Why not

Take a stroll through
the children's picture
book section ...

Ask a librarian for
their favorites. Ask a
friend! Discover your
next read ... and stay
curious!

When was the last
time you read a
picture book?

They're not
just for kids
and you don't
outgrow them!

"...We do not outgrow
picture books, we
hold onto their
imagination and
wonder for a lifetime.
Those picture books
are our friends, that
does not change.
Friends in the form
of words and
illustrations magically
telling a story."

"Picture books are
our everlasting
memories of book joy.
Remembrance of our
grown-ups voices, or a
local librarian reading
aloud at a storytime,
teachers treating us to
time with books..."
