

just a quick reminder that wearing oxblood/ red boots with white laces = NAZI! (psst, yr gf is a nazi)

you claim to be antifacist, but no one wears a mask and are silent about disabilty rights, you claim to be antifacist, but you allow ABUSERS and NAZIS at your shows, you claim to be antifacist but you have actively participated in racist and sexist behavior. GET THE FUCK OUT OF MY FACE.

bro punks claiming they're "antiracistist", but if your whole band is white, you're a half-assed ally at best. You claim to be antifacist, but you're silent on Palestine. You claim to be antifacist, but you're silent on trans rights!

this hardcore punk bro shirt is NOT PUNK. you are not punk, you're just another bro with a band shirt instead of a sports jersey. FUCK JOCK PUNK!!!!

BURN IT DOWN

fuck sports and hyper masculine BS

WHY IS NO ONE MAKING MUSIC ABOUT THE US FUNDED GENOCIDE IN PALESTINE?????

and if you don't have grandkids (which i won't), it will be studied by future generations who are judging you for your inaction during a genocide & global pandemic

sometimes it feels like so little has changed. while there are amazing bands out there (gloss, scowl, pearl, buggin, zulu, franx, chimera, futura, habak, body farm, soul glo, etc. etc. etc.) singing about important shit, the punk scene is still majority WHITE and CIS. the crowds are still primarily WHITE CIS DUDES because...guess what? queer and trans folk still don't feel safe in the pit. women are still not safe in the pit. and the women who do brave-ly engage in those spaces, are subject to AS or abuse. cis women also often don't engage and trans in those spaces.

WE LIVE! WE LIVE/EVEN AS WE WONDER WHY/WE LIVE/WITH TRAUMA LOCKED INSIDE/WE FIGHT/AGAINST THE URGE TO DIE/PARCHED FOR LOVE AND CAST ASIDE
we live by g.i.o.s.s.

but instead ya'll pay \$\$\$ to watch a bunch of middle-aged cis white dudes reunite and play songs they wrote in the 70s. like who fucking cares, take yr \$\$\$ and donate it to a cause like esims for Gaza or an organization fighting for transgender rights. go to drag brunch, check out a queer themed art gallery, EXPAND YOUR MIND. because a mosh pit filled with angry cis white boys is BORING.

fencewalking white bro hardcore bands silent on Palestine but profiting during a genocide, seems very on brand, yeah? why are you silent? you are taking up so much space, why not use it for good?
