

BEHOLD SINNERS!

The wrath of an angry LORD is upon us!

Witness the LOCUST as he devourst your crops,
your clothing, the corpses of your animals!

The LORD sends the locust plague as a messenger for His FURY and a reminder of His OMNIPOTENCE!

Recall Exodus 10:12

And the LORD said unto Moses, Stretch out thine hand over the land of Egypt for the locusts, that they may come up upon the land of Egypt, and eat every herb of the land, even all that the hail hath left.

Askest thou: What does trouble the LORD?
Your WICKNESS
Your SINFULNESS
Your MERRIMAKING
Your TARDINESS to CHURCH!

Askest thou: How can I appease the LORD?
CONFESS your SINS
WORK without COMPLAINT
REFRAIN from JOYFULNESS
KILL more SAVAGES

Askest thou: What is this creature, the LOCUST?

The LOCUST is a devilish, shapeshifting beast. In one phase of life, he is a peaceful, solitary insect

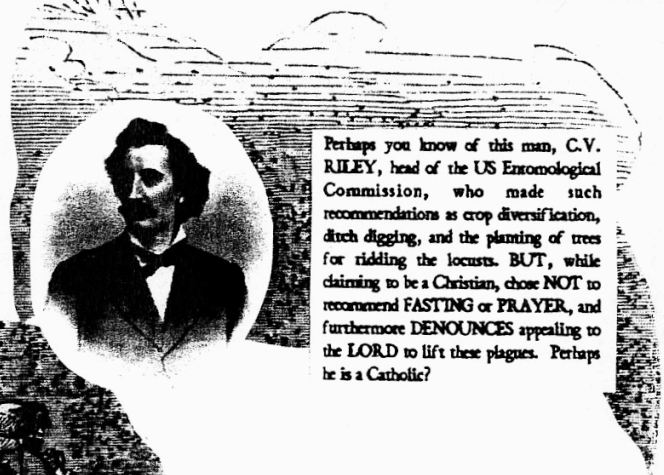

BUT, transformed by the LORD

He becomes the debauched pest, swarming in PLAGUES, engaging in ORGIES of eating and fornicating, wreaking HAVOC on the land.

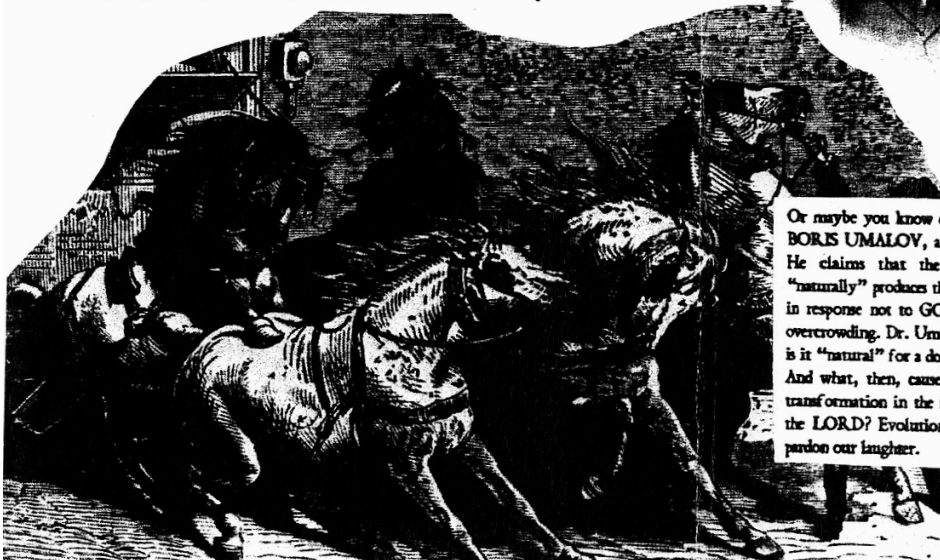

Askest thou: What, then, of these men who profess theories of "science" or "nature" about the locust?

Listen not to these CHARLATANS, peddling their OUTRAGEOUS "scientific" notions. Many of these men are even followers of Darwin, the fool who believes we are but cousins of the monkeys.

Perhaps you know of this man, C.V. RILEY, head of the US Entomological Commission, who made such recommendations as crop diversification, ditch digging, and the planting of trees for ridding the locusts. BUT, while claiming to be a Christian, chose NOT to recommend FASTING or PRAYER, and furthermore DENOUNCES appealing to the LORD to lift these plagues. Perhaps he is a Catholic?

Or maybe you know of this man, DR. BORIS UMALOV, a Russian, no less! He claims that the solitary locust "naturally" produces the swarming locust in response not to GOD's wish, but to overcrowding. Dr. Umalov, we must ask, is it "natural" for a dog to birth kittens? And what, then, caused this miraculous transformation in the first place, if not the LORD? Evolution? Please, sir, do pardon our laughter.

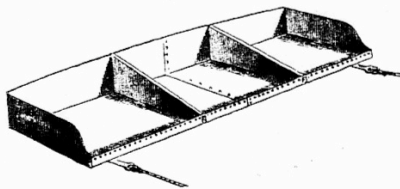

Askest thou: How may I rid this wicked pest?
Oh, how many farmers have tried to fight the locust!

They use the Hopperdozer
the Locust Crusher
the King Suction Machine

They labor digging ditches, burning and flooding
their fields, even using Dynamite!

But do these methods work—NO! Nothing can halt
the fury of an angry GOD

—EXCEPT—
REPENTANCE! & MORALITY!

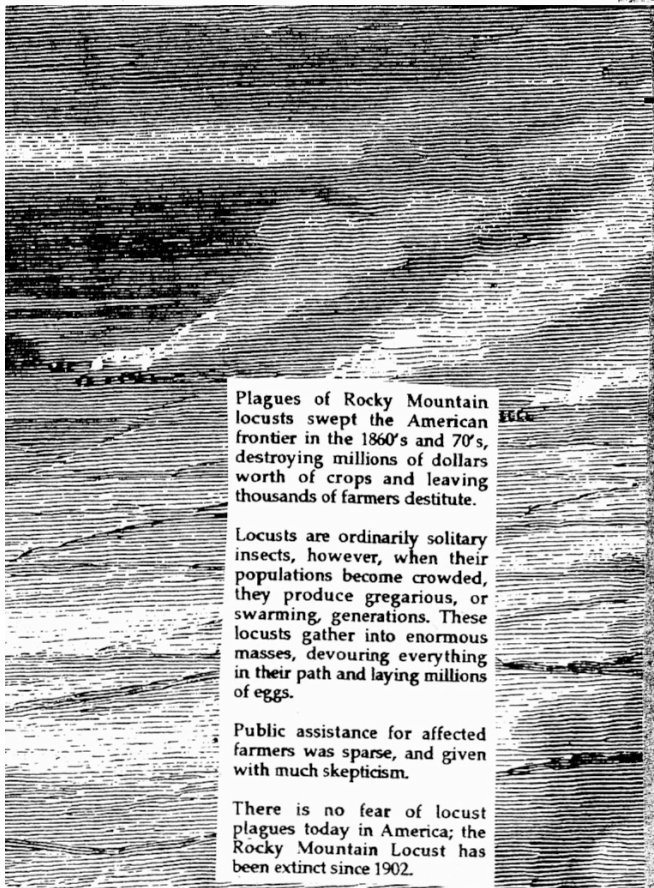

Askest thou: The locusts have left me with naught.
Shall I look to the government or private citizens
for aid?

Answer this: When stripped of all his worldly
possessions, did Lot ask for a handout?

The LORD has brought the locusts plagues as
PUNISHMENT for your sins, not to empty the
pockets of those untouched. Upright and moral
citizens with accept their fate, CONFESSING their
sins, and praying for SALVATION. Only the
weak and wicked beg for charity.

Work harder, fellow Christians, fear GOD and
pray for His divine MERCY.

Plagues of Rocky Mountain locusts swept the American frontier in the 1860's and 70's, destroying millions of dollars worth of crops and leaving thousands of farmers destitute.

Locusts are ordinarily solitary insects, however, when their populations become crowded, they produce gregarious, or swarming, generations. These locusts gather into enormous masses, devouring everything in their path and laying millions of eggs.

Public assistance for affected farmers was sparse, and given with much skepticism.

There is no fear of locust plagues today in America; the Rocky Mountain Locust has been extinct since 1902.
