

THE LETHAL  
YET INCREDIBLY AWESOME  
SUPERPOWERS  
OF MS BURNS

JANNE KARLSSON

This is Laura Burns.  
She likes sunny weather  
and cheeseburgers.  
Her favorite artist is  
Tom Petty.  
She dislikes rapists  
and rain.

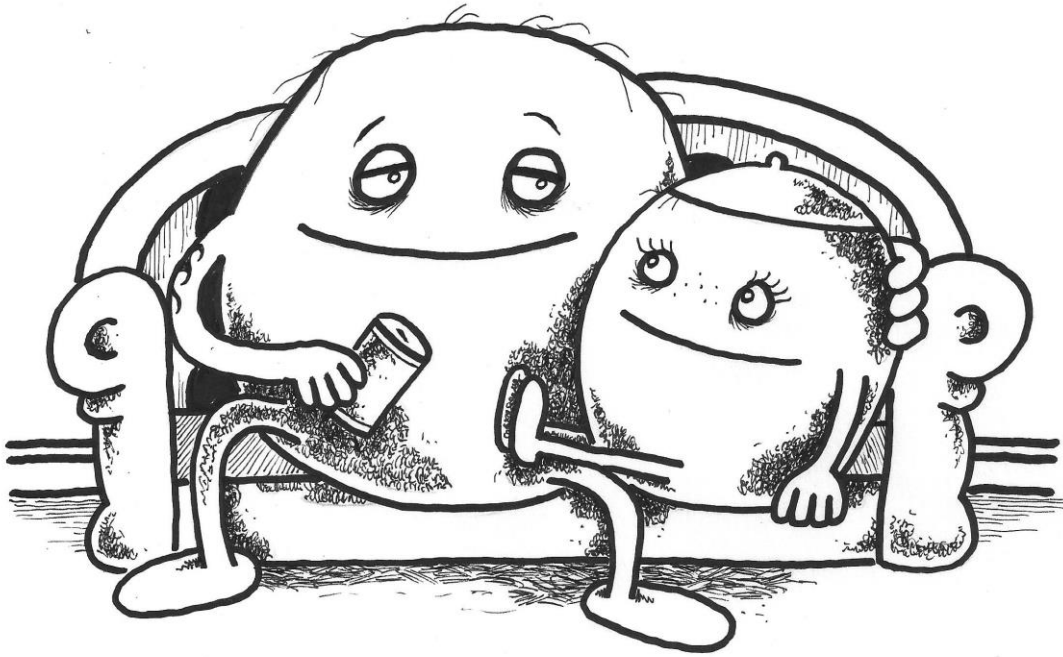

Oh no!?

That's Stephen Hole, AKA S-Hole,  
the town rapist.

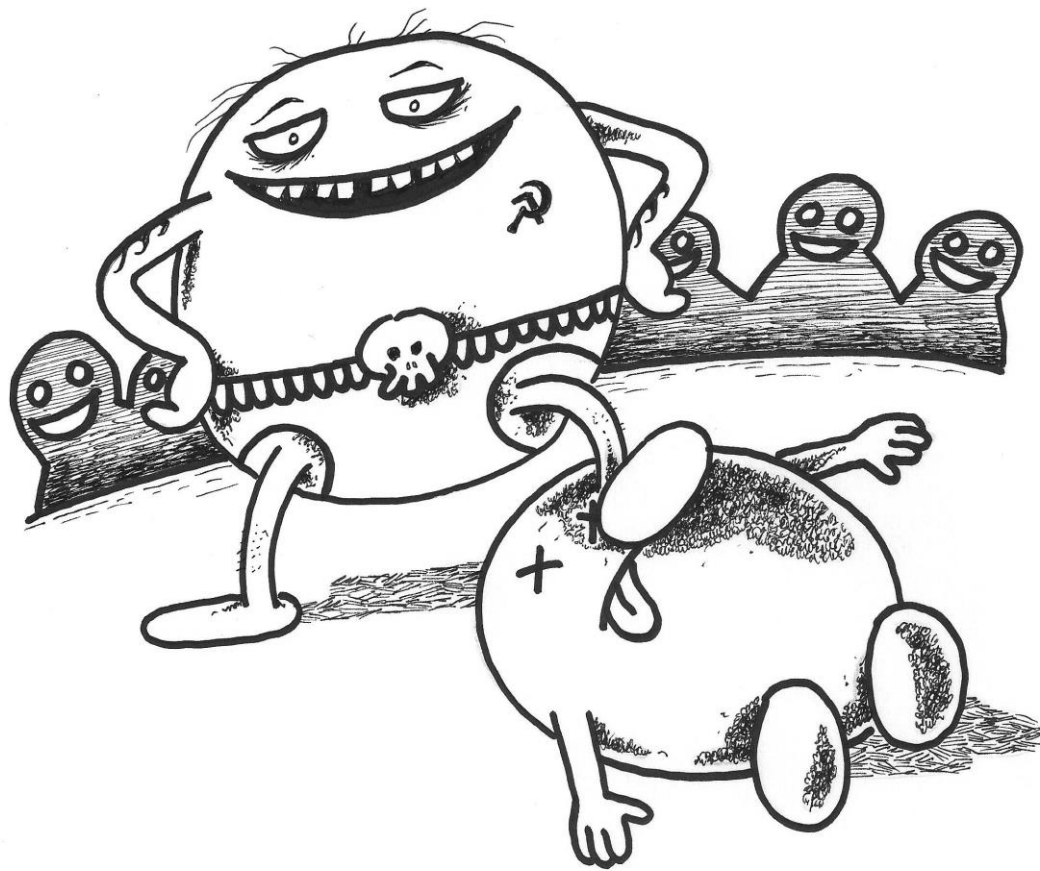

He sure looks mean.

Looks like Ms Burns is in  
serious trouble.

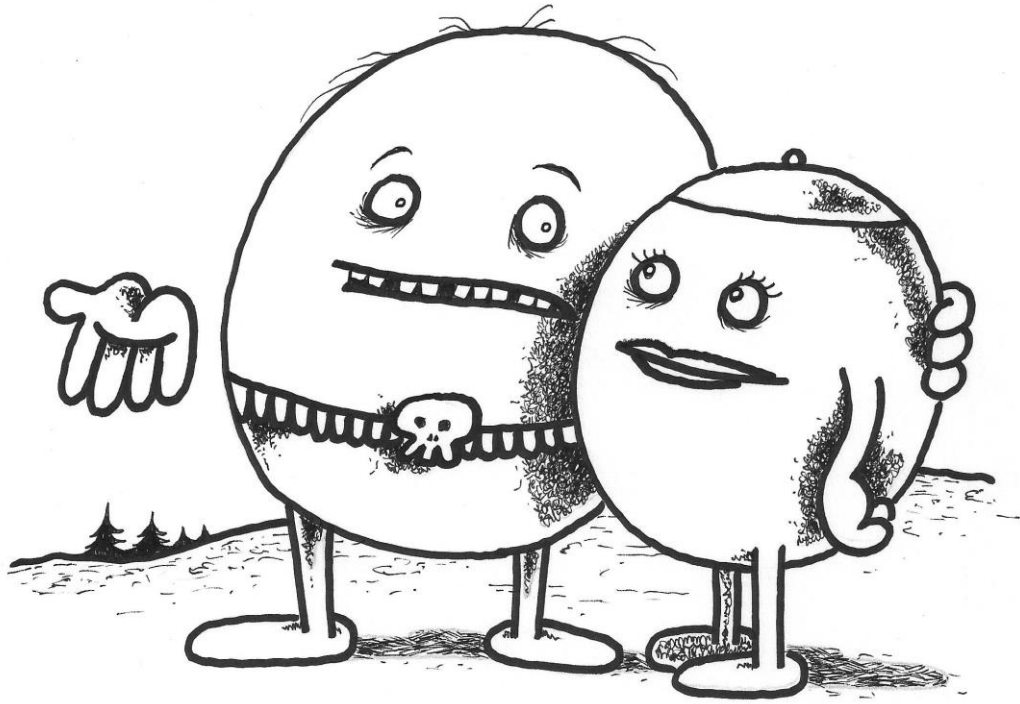

Now let's stop here for a minute  
and go back in time.  
See, Ms Burns is not your average  
defenseless little girl.

She has a history.

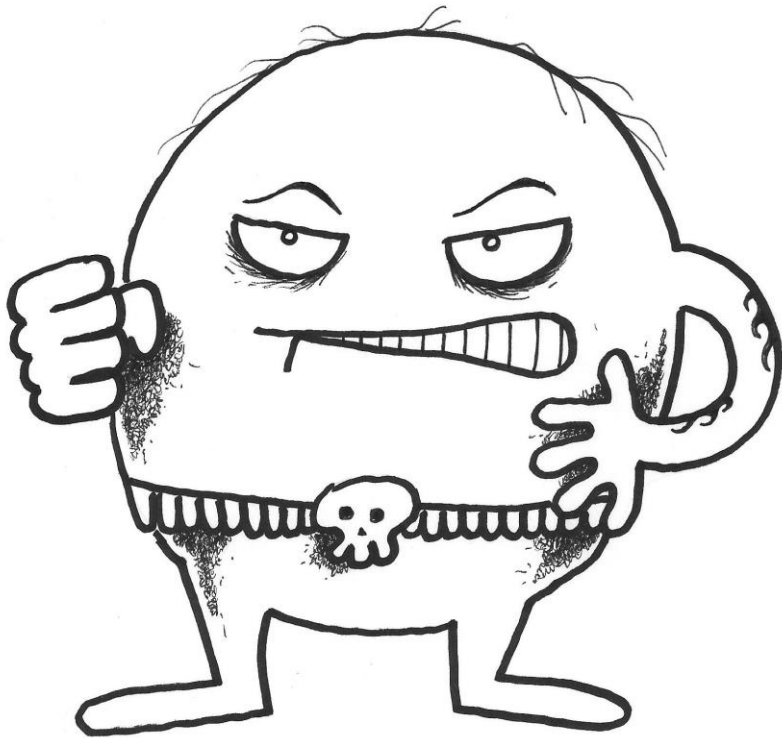

In fact,  
she's the bastard daughter  
of the infamous Russian  
wrestling champion Leo Smackarov,  
AKA The Soviet Sleepmaker.

A man who was claimed to have  
THUNDER in his heart.

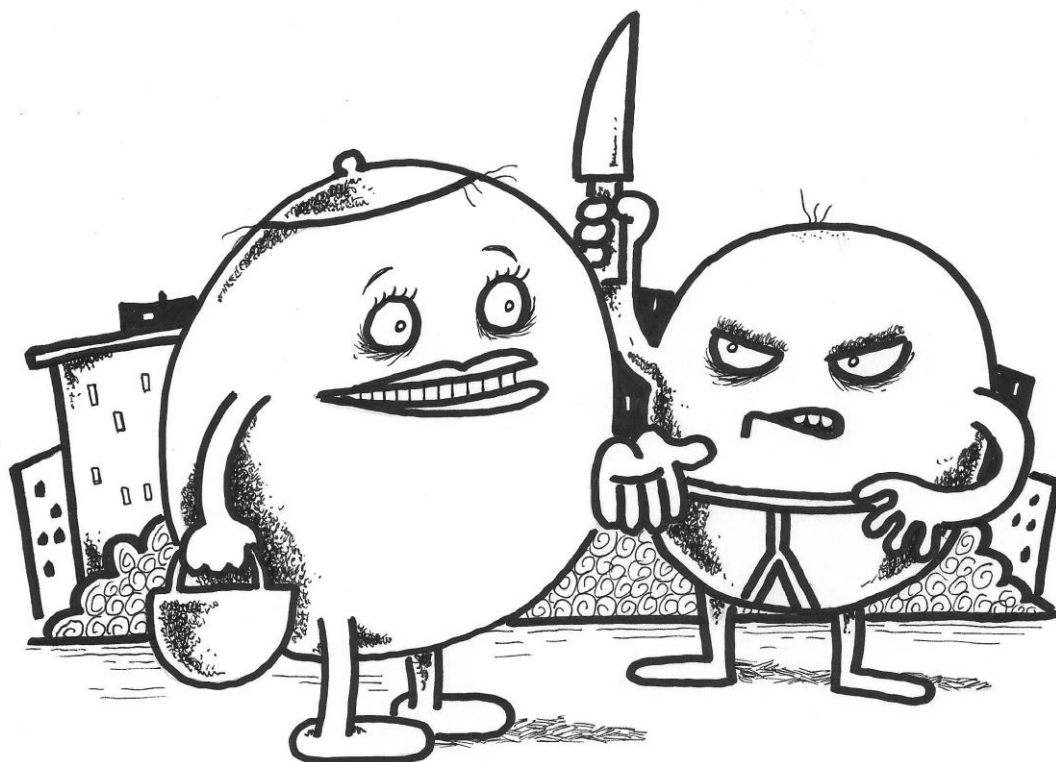

Over the years this  
brutally sensitive man  
taught her all there was  
to know about conflicts  
and violence.

But above all,

he reminded his little girl  
to always keep that goddamn  
THUNDER in her heart.

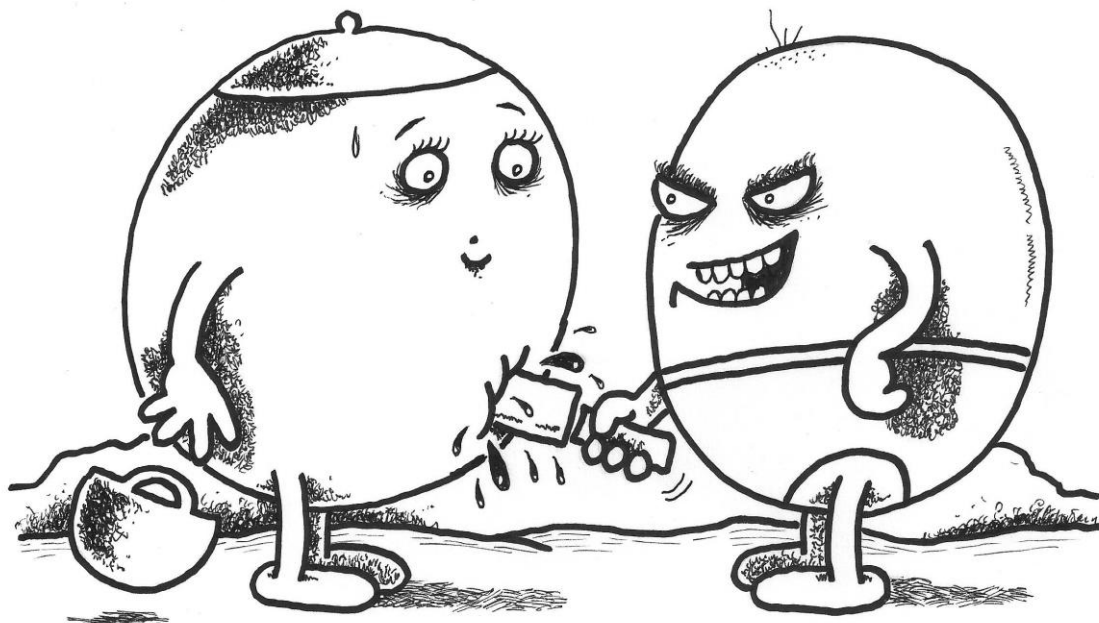

So,

how do you think Laura's gonna  
deal with this asshole?

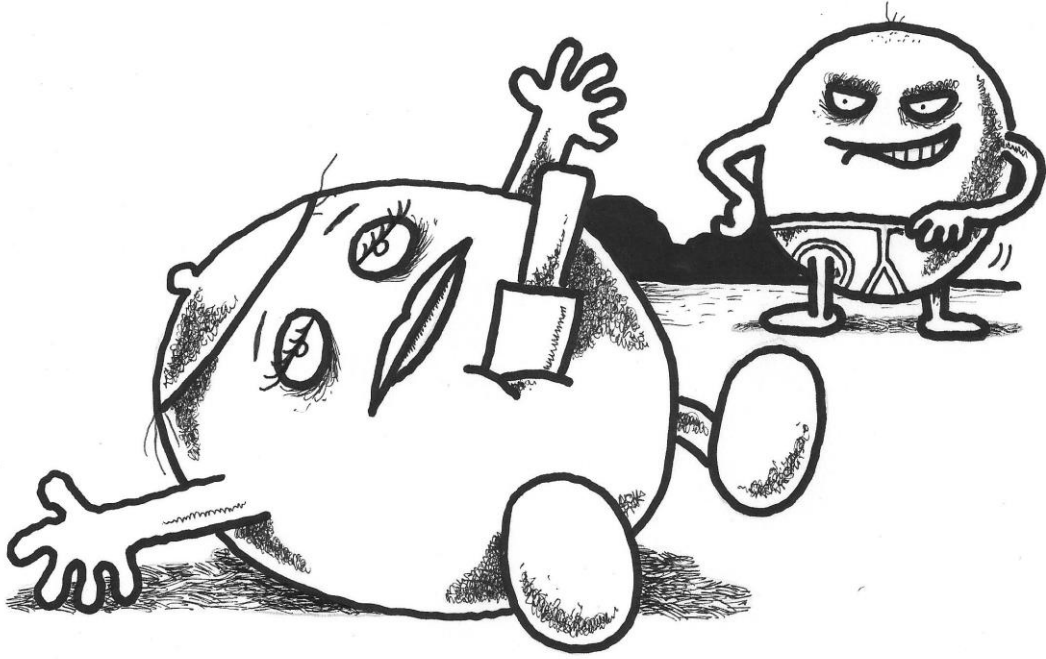

Yes, you're right.

Of course she's gonna try to  
talk some sense into him.

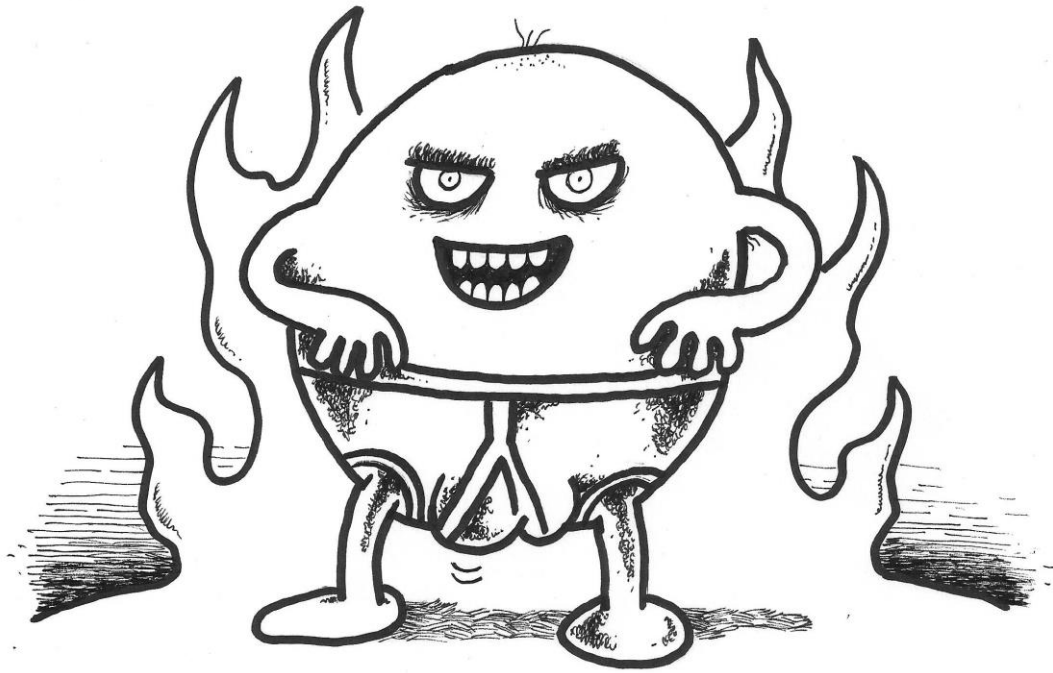

OK, that didn't work very well.

As I'm sure you can see,  
things don't look too bright  
for our little friend and  
protagonist.

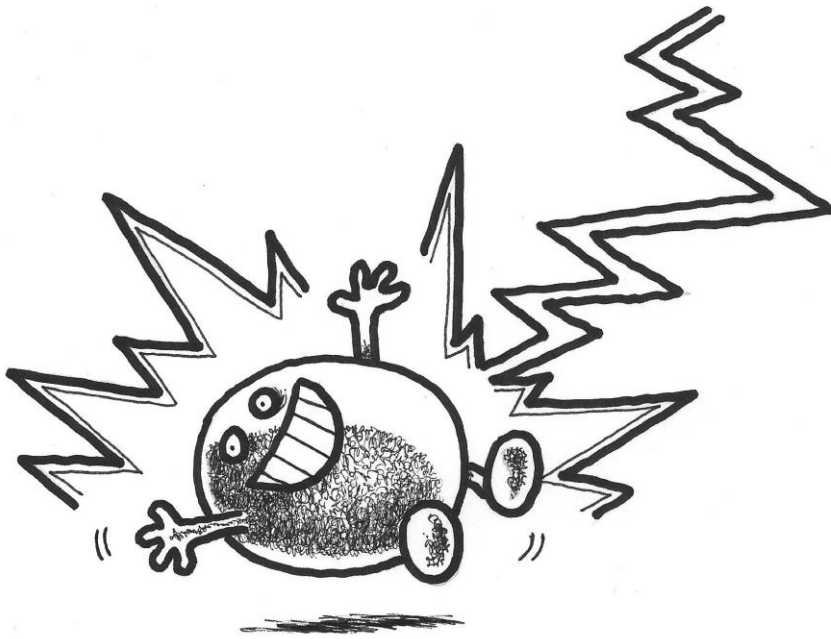

S-Hole on the other hand,  
has never felt more jolly  
and powerful though.

You see,

not only is he a notoriously  
vicious rapist.  
He's also a necrophile.

And now  
he's simply playing the  
waiting game.

**KA-GRACK!**

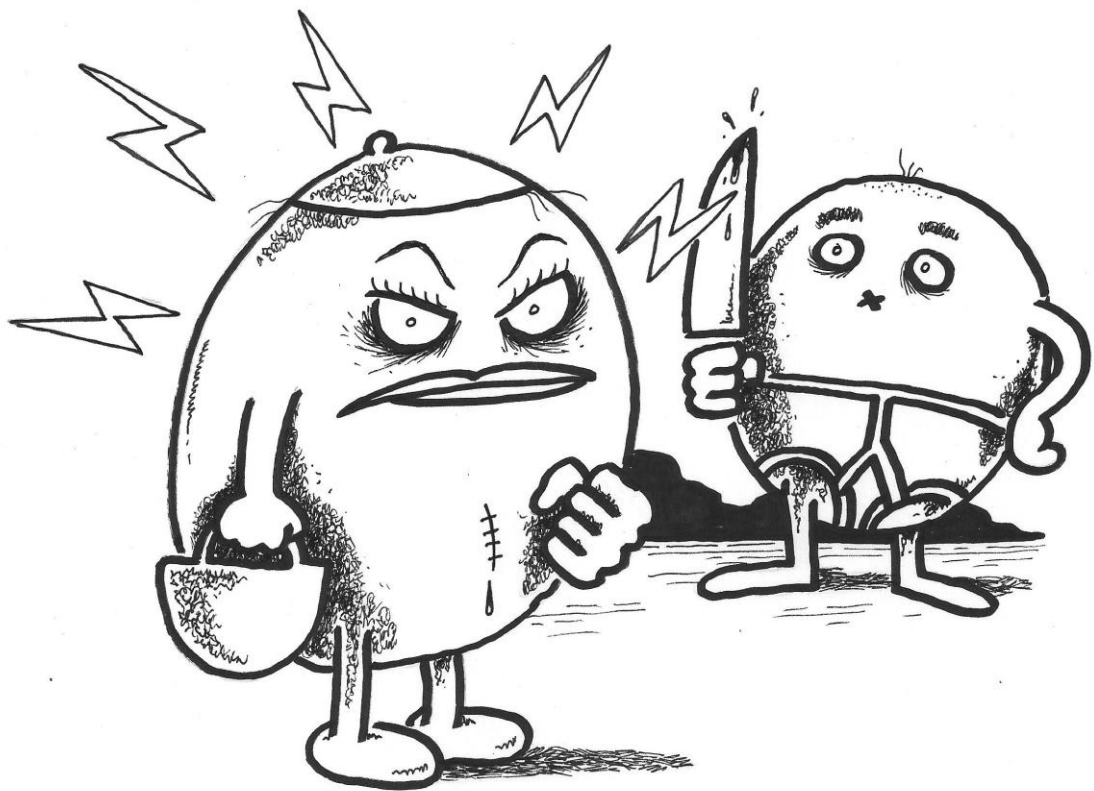

- But what's this ?

A thunder storm ?

A lightning  
streak ?

A divine  
intervention ?

No silly. It's Laura's father who  
revives her FROM BEYOND !!  
Excellent news indeed.

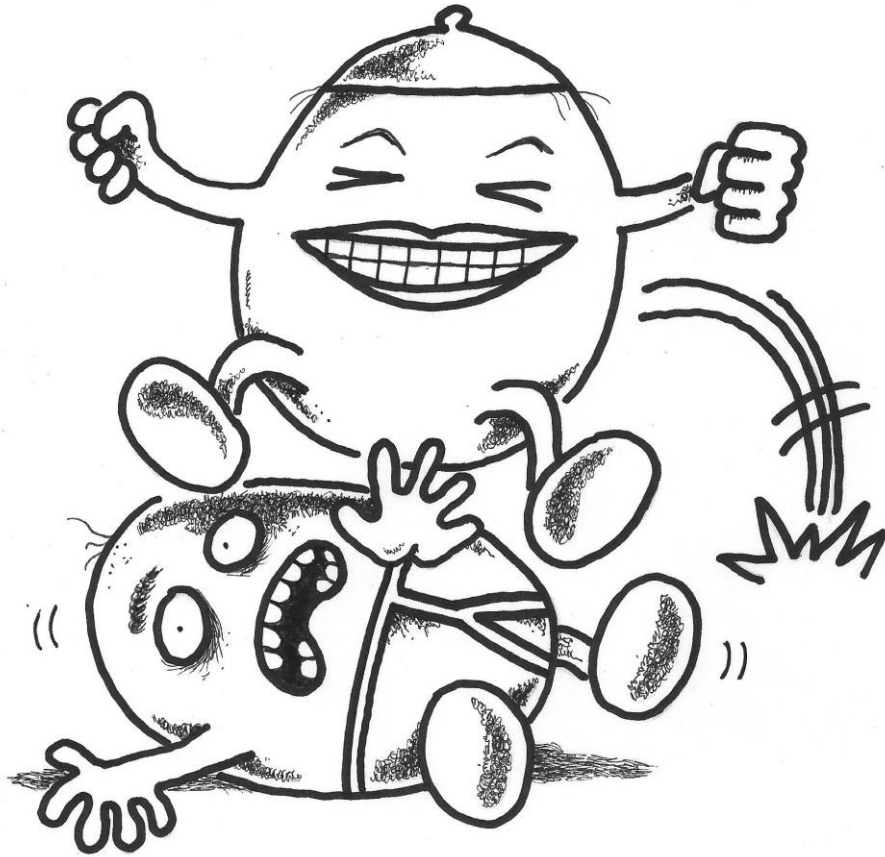

And now

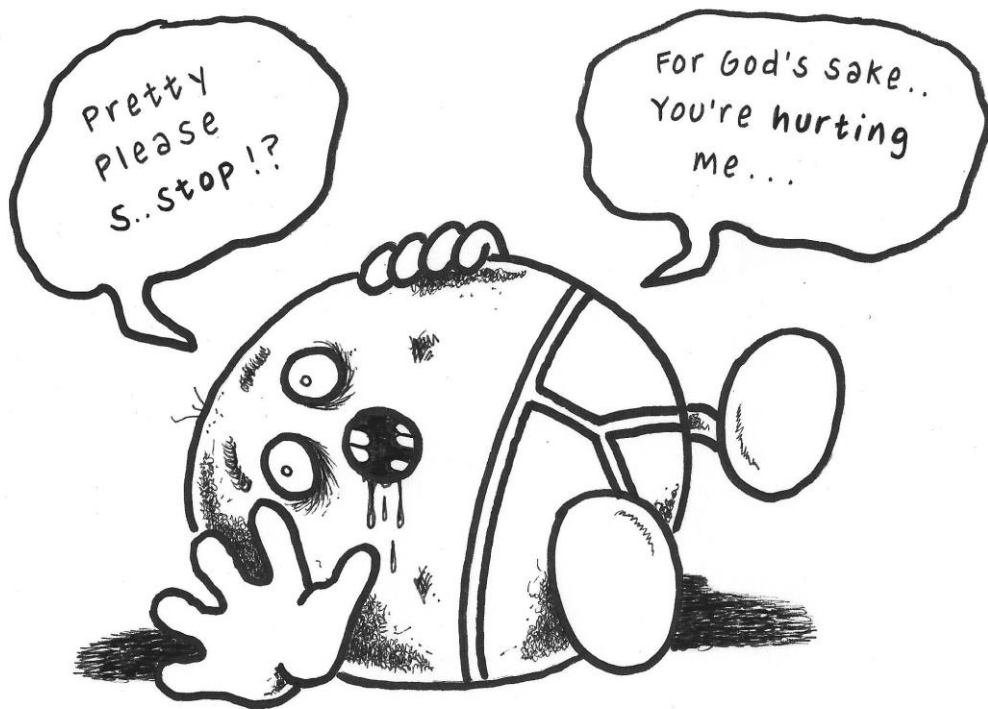

Laura Burns  
is pissed.

She opens up with a series  
of Moskowan Kidney Kicks,  
guaranteed to force down  
the erection of any Ukrainian  
steep-horse.

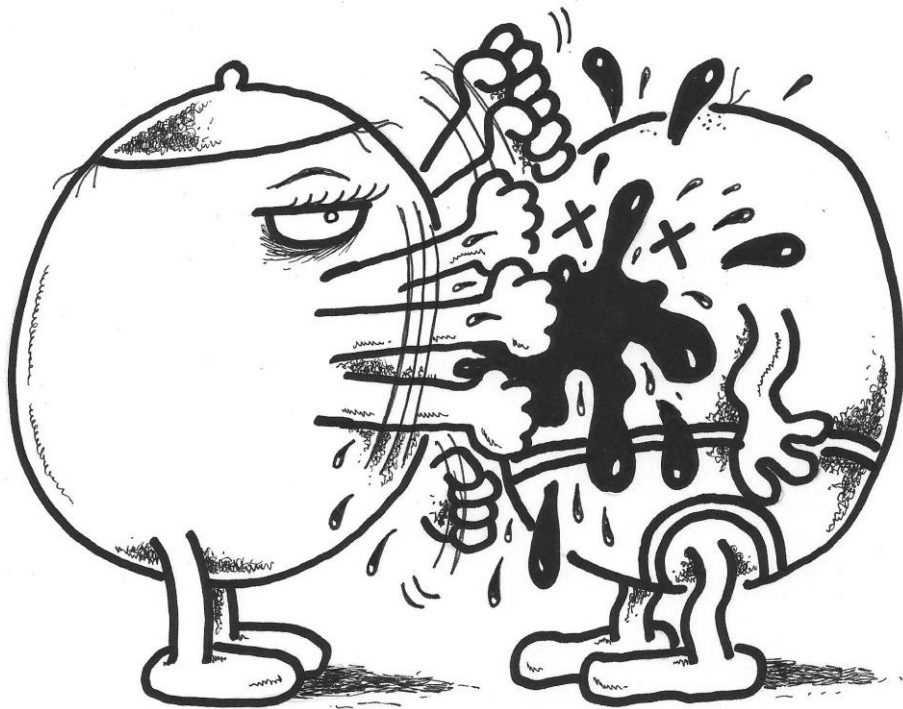

Then follows the legendary  
MINSK MUSER,  
a technique invented by smackerov,  
now paranormally transferred  
onto his daughter.

Yeah !

You're not so tough now  
anymore ,  
are you , S-Hole .. ?

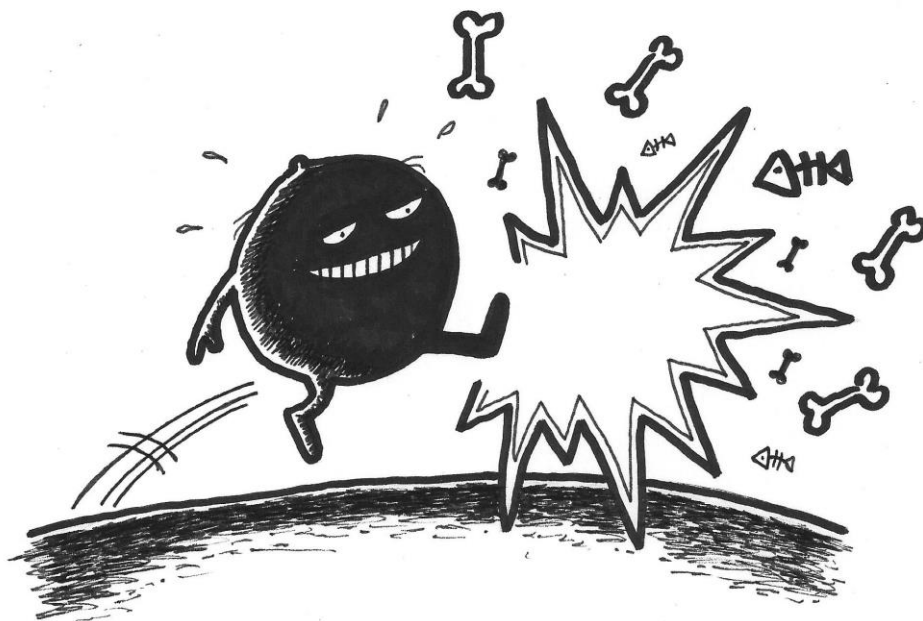

**FWOP! FWOP! FWOP! FWOP!**

she continues with  
a rapid combination of  
SIBERIAN SLUT SLAPS,  
KAZAKIAN CLAY COOKIES  
and SOVIET SUFFER-STROKES.

(Man, that's gotta hurt)

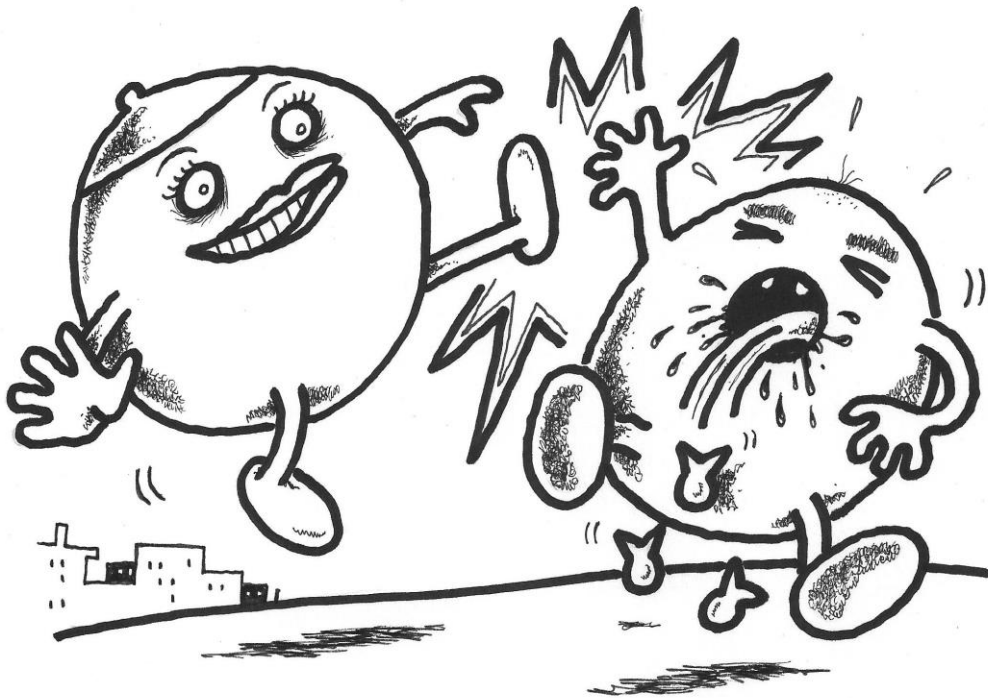

# ZWACK!

Oh my God!

It's the extremely  
savvy version of  
THE GULAG GOOSE TAMER!

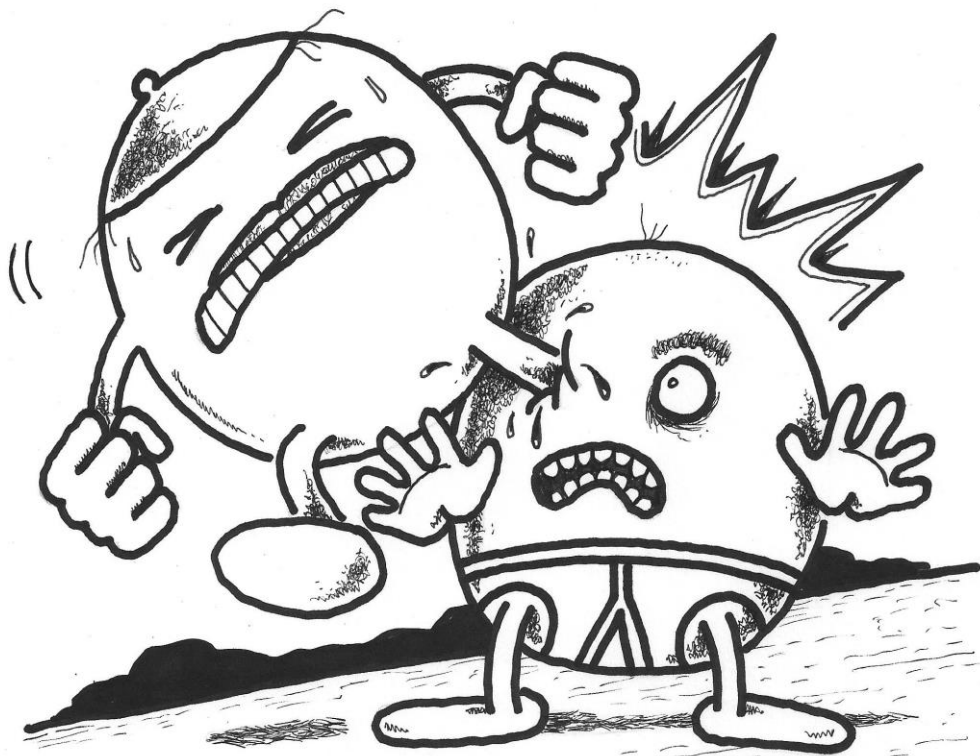

Beautiful, Laura.  
Just freaking beautiful!

**THWUP!!**

Way to go, girl!

A well balanced BALTIC  
JAWBREAKER,  
immensely effective against  
rapists and bad dental status.

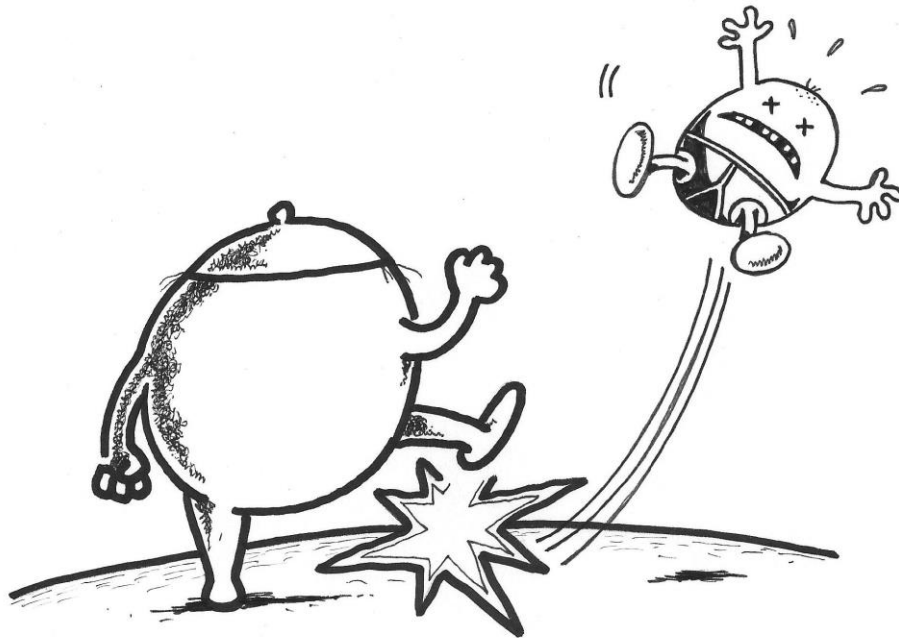

**ZWOP!**

OK,

this is no Russian technique.  
It's an Iranian one.

**THE AYATOLLAH EYELID !!**

Great executed, Laura!

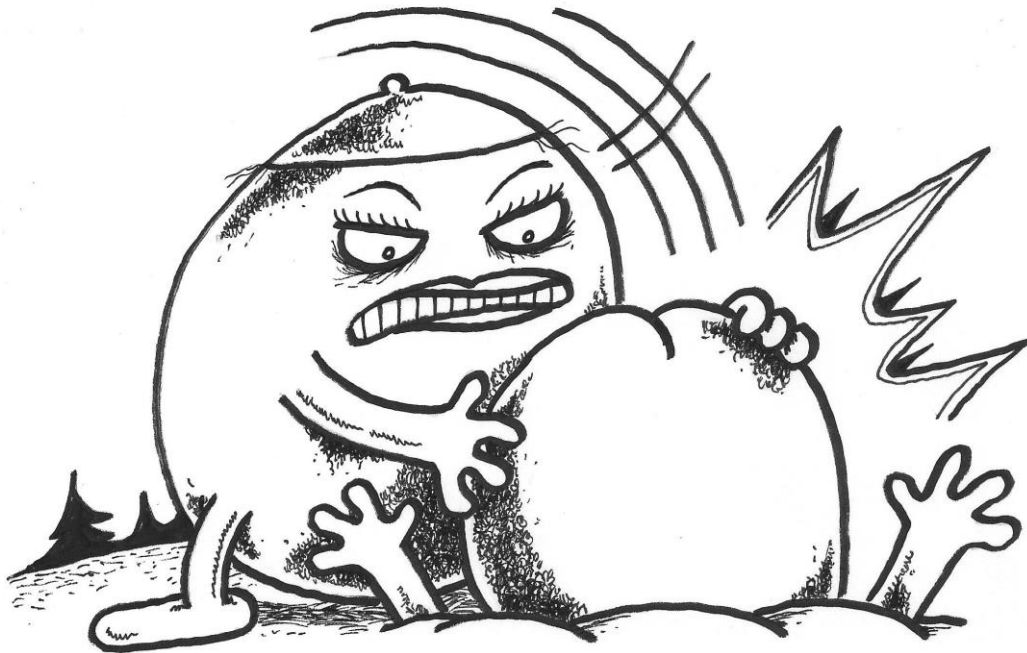

**WHOP!**

Hey, did I tell you Laura  
used to train soccer when  
she was younger?

I didn't?

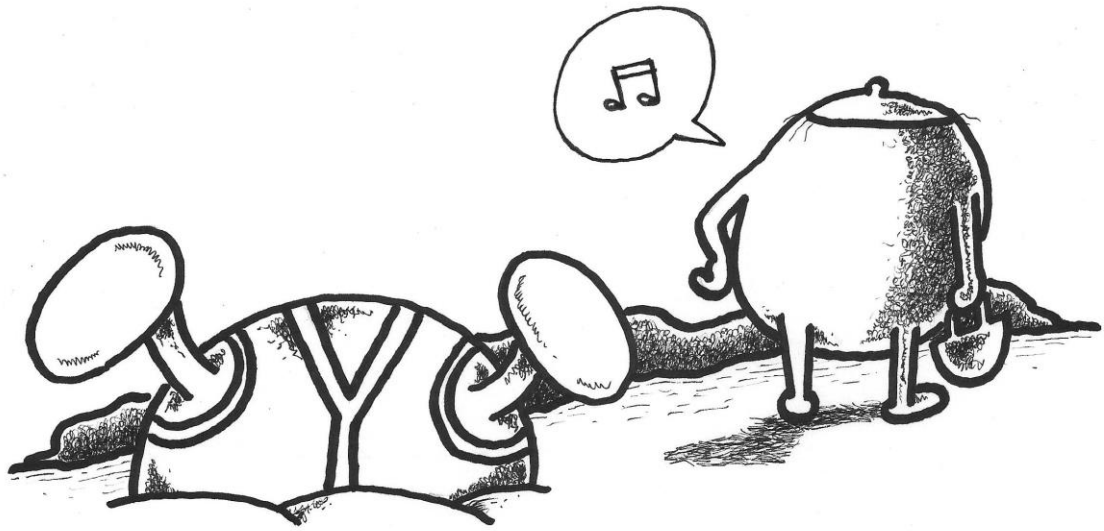

Well. She did. She used to score too.

- SCHWUK!

And finally, as icing on a cake:  
THE GORBACHEW GORGE\*,  
a terribly efficient way to  
put a lid on any conflict.

\* = AKA The Stalin Shit Pit

Content having solved  
yet another slight problem,  
Miss Burns leaves the  
scene and heads towards  
the closest burger restaurant,  
whistling joyfully on an old  
ukrainian folk song going  
something like this :
