Issue No.1

Find the

# *Reality Check*

Hi, I'm Reality, and I vow to provide you with spells you will always have the ingredients for. I believe that magic can look like whatever we want it to.

Also, scavenging is fun!

***This issue's  
magic phrase is:***

Easy peasy lemon squeezy,  
keeping magic light & breezy

\*You get bonus points if lemon  
is used for these spells!

# *Protection Spell*

## *Go find these:*

A garment that makes you feel cozy and safe

Something that can help you administer a Magical Boop of Defense

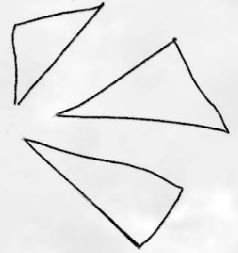

Something that represents what you want protection from (the Bad Thing)

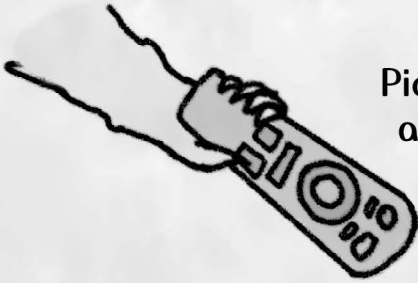

# *Magic Time:*

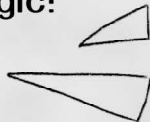

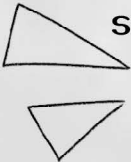

Put on the cozy garment. It  
is now your shield.

Pick up the item of defense and  
administer the Magical Boop to  
the Bad Thing.

Easy peasy lemon  
squeezy, you did  
the magic!

# Grounding Spell

Go find these:

Something that grew from the ground

Something that smells calming

Comfort food or beverage of some sort

# ***Magic Time:***

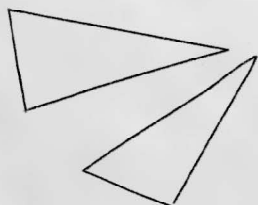

Cradle the thing that grew from the ground and become one with it. You, also, grew from the ground (metaphorically).

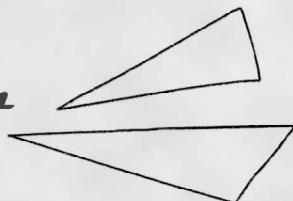

Sniff the sniffy thing. Mmm.  
Notice the effect it has on  
your mental state.

Consume the comfort food or  
beverage, really savor it. You  
are so heckin' grounded  
(and if you took a bite out of a  
lemon, you're hardcore).

***Light &  
breezy, lemon  
squeezy!***

*Safety Tip*

Don't eat anything  
poisonous, okay? If  
you do, I am  
not liable.
